

P.E. is on a Wednesday and with Mr Lofthouse on a Friday morning - please make sure your child has their PE kit, (including suitable footwear) in school.

Please remove all jewellery.

We will be working hard on getting ourselves changed for PE and appreciate your support in helping you child become independent at home when getting dressed into their school uniform. Please ensure each item of clothing is named - thank you

Miss Hunter, Miss Mason and Miss Fletcher are always available should you have any questions.

Important dates

Friday 2.45 pm certificate assembly, everyone welcome.

Meet the staff 22nd September 2022

Parents evening 7th November 2022

Monthly Values

September - Hope

October - Love

St Patricks Catholic Primary School

Reception Autumn 2022

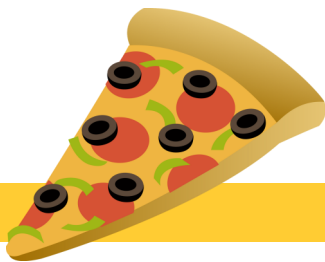

Welcome

It has been a pleasure to welcome and to get to know all the children new to reception class. They have settled in so quickly and are showing us how happy they are to come to school; make new friends and learn.

We will soon be encouraging them to develop independence and line up on the playground at the start of the school day. We line up at the far end of the playground in front of the green ramp.

Please continue to encourage your child to complete their daily jobs when coming into the classroom —hang their own coat, put their book bag on the coloured shelf and order their dinner.

English

We will meet our friend Fred the frog this half term, he will be helping us to learn our letter sounds starting with m,a,s,d and t. We will learn how to say, read, and write these sounds each day in our Read Write Inc lessons. Fred will play games with us, which will support us to hear these sounds and Fred talk to make words e.g.

Fred says touch your b-a-ck.

Reading and rhymes

This half term we will spend lots of time-sharing stories together. We will look at stories with repetition such as 'The Gingerbread Man' and 'Goldilocks and the Three Bears'. We will explore feelings and emotions through 'The Colour Monster' and 'Guess How Much I Love You.'

Maths

This half term we will begin our Maths No Problem! journey looking at the skills of matching and sorting to start with. We will move onto exploring pattern, comparing, and ordering items by height, length and finish with counting forwards and backwards to 5, ordering numerals and writing them.

RE

In R.E this half-term, we will start by thinking about how God knows and loves each one of us, and the importance of our name. We will explore through topic 2 belonging. Belonging within a family, a school community, the wider community, and the parish community. We will learn and think about Baptism and the special items used within a baptismal service such as the white garment and the font. We would love to share through photographs you child's Baptism so please send them in for us to look at together and discuss.
