

P.E. is on a Wednesday and with Mr Lofthouse on a Friday morning - please make sure your child has their PE kit, (including suitable footwear) in school.

Please remove all jewellery.

We will be working hard on getting ourselves changed for PE and appreciate your support in helping you child become independent at home when getting dressed into their school uniform. Please ensure each item of clothing is named - thank you

Miss Hunter, Miss Mason and Miss Fletcher are always available should you have any questions.

### Important dates

Friday 2.45 pm certificate assembly, everyone welcome.

Parents evening 7th November 2022

Nativities 6th and 7th December 2022

### Monthly Values

November- Trust

December - Peace

# St Patricks Catholic Primary School

## Reception

Autumn 2 2022

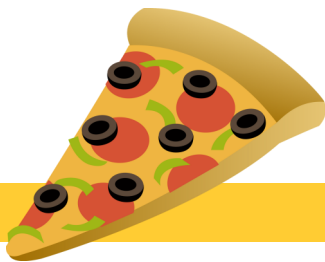

## Welcome

We can not believe the first half term is over, it has flown by and we have all had so much fun.

This half term we will develop our independence in the dinner hall, our buddies will be there to help if we need them, however we will be learning how to select our own trays, cutlery and clear away ourselves.

Please continue to encourage your child to complete their daily jobs when coming into the classroom —hang their own coat, put their book bag on the coloured shelf and order their dinner.

## English

Our friend Fred the frog this half term, he will be helping us to learn our letter sounds and begin to blend these (Fred talk) to read words. We will learn how to say, read, and write these sounds each day in our Read Write Inc lessons. Fred will play games with us, which will support us to hear these sounds and Fred talk to make words e.g.

Fred says touch your b-a-ck.

## Reading and rhymes

This half term we will spend lots of time-sharing stories together. We will look at stories with repetition such as 'The Gingerbread Man' and 'Goldilocks and the Three Bears'. We will explore feelings and emotions through 'The Colour Monster' and

## Maths

This half term we will continue our Maths No Problem! journey looking closely at numbers 1-5. We will move onto exploring 2D shapes, positional language and what numbers are hidden in the numbers up to 5 (number bonds)

## RE

In R.E this half-term, we will start by thinking about how people and babies are made to feel welcome. We will explore through topic 2 belonging. Belonging within a family, a school community, the wider community, and the parish community. We will learn and think about Baptism and the special items used within a baptismal service such as the white garment and the font. We will end our first term learning about the special preparation time of Advent, the Christmas story and the importance of waiting in topic 3 - birthdays.
